

LED NITEHAWK PATROL LIGHT

LED DELIVERS A CRISP 9° SPOT BEAM WITH A BRILLIANT 1,040 LUMENS FROM ANY 12-VOLT SOURCE

CUTTING-EDGE LED BULB LASTS OVER THREE HUNDRED TIMES LONGER THAN TRADITIONAL HALOGEN BULBS

COMFORTABLE PISTOL GRIP STOCK WITH SMOOTH ACTION ROCKER SWITCH

D-RING HANGER FOR CONVENIENT STORAGE ON THE JOB

LIGHT-WEIGHT (UNDER 3 LBS.) AND EXTREMELY RUGGED, MADE TO OUTLAST ALL OTHERS IN ITS CLASS

This weatherproof, indestructible LED spotlight is preferred by the industries where harsh environments and hazardous duty are an everyday occurrence. Single piece body and industrial quality coil cord add to the virtually indestructible design and construction; offering incredible versatility and unmatched performance.

Enjoy your choice of momentary or on/off style switch in a convenient pistol grip handle for ease of operation over extended periods. Only 9-inches by 5-inches and less than 3-Lbs., the LED Nighthawk Patrol Light can deliver a powerful burst of light that can penetrate through glass, smoke, and fog in a small, easy to carry package.

Thousands of the original Nighthawk Patrol Light have been sold and are used all over the nation by police, ambulance, fire departments, highway and sewer maintenance, construction, marine and oil/chemical plants, and more. You'll find that the new LED Nighthawk is brighter, more efficient, and longer lasting, so it can continue to deliver dependability in severe conditions again and again.
