

## THE NITEHAWK PATROL LIGHT

DELIVERS A BRILLIANT 100,000  
CANDLEPOWER FROM ANY  
12-VOLT SOURCE

HALOGEN SEALED BEAM AIRCRAFT  
LAMP LASTS 4-TIMES LONGER  
THAN THE COMPETITION

COMFORTABLE PISTOL GRIP STOCK WITH  
SMOOTH ACTION ROCKER SWITCH

D-RING HANGER FOR CONVENIENT  
STORAGE ON THE JOB

INFRARED CAPACITY

LIGHT-WEIGHT (UNDER 3 LBS.) AND  
EXTREMELY RUGGED, MADE TO  
OUTLAST ALL OTHER SPOTLIGHTS  
IN ITS CLASS

This weatherproof, indestructible spotlight is preferred by the industries where harsh environments and hazardous duty are an everyday occurrence. Single piece body and industrial quality coil cord add to the virtually indestructible design and construction; offering incredible versatility and unmatched performance.

Your choice of momentary or on/off type switch in a convenient pistol grip handle for ease of operation for extended periods. Only 9-inches by 5-inches and less than 3-Lbs., the Nitehawk Patrol Light can deliver a powerful burst of light that can penetrate through glass, smoke, and fog in a small, easy to carry package.

Thousands of units have been sold and are used all over the nation by police, ambulance, fire departments, highway and sewer maintenance, construction, marine and oil/chemical plants. In any situation that demands dependability under severe conditions, the Nitehawk Patrol Light delivers again and again.
